

First Aid Centre

The First Aid Centre can be reached via two block paved level pathways, one of which has handrails. Both are on a slight incline. The entrance is accessed via double opening doors.

The waiting area has turning space for a wheelchair, however, if the area is busy space will be limited. A high seated chair is available.

There is level access from the waiting room to both consulting rooms and the treatment room.

A portable Induction Hearing Loop is available.

There is an accessible toilet with a wide opening door and turning space. Grab rails are fitted, a call bell system in place and clinical waste disposal is available.

Medication

Please be aware that the First Aid Centre are unable to administer or provide medication

First Aid

Qualified First Aid provision for guests is available in all areas of the village.

The First Aid Centre is staffed during the day by qualified First Aid & Emergency Technicians, and a medical vehicle is available for use by them for emergency call outs.

Security staff provide 24hour First Aid cover. Emergency contact details are provided in the Safety Guide, and Guest Directory.

All of our staff are aware of how to request first aid provision if they are not qualified first aiders themselves.

Defibrillators

Defibrillators are available in Central Building locations and staff in those areas are trained in their use. Should you wish for further details, our management team will be able to provide details of their exact locations to reassure you.
