

## **Santa's Woodland Workshop**

Located adjacent to the Action Challenge, Santa's Woodland Workshop is accessed via a bark chipped area and hard standing path. Alternate access for Santa visits can be taken through the Christmas Shop adjoining to the rear. The shop also forms the connecting workshop exit leading onto a hard, smooth tarmac pathway or brick weave steps.

The Workshop's interior is all on one level and certain exits, via the Christmas Shop, do have ramps. Access is narrow in places. Alternative routes in can be taken, ask team the Elves for assistance. Lighting is dimmed and there is music and lights.

The Christmas Shop is fully accessible to wheelchairs via a hard ramp.

The nearest adapted toilet is located at Sports Cafe within the Sports Plaza, approximately a 3-minute walk.
