

## **Enchanted Light Trail**

Level access is gained from the main block paved footpath at Village Square. This then takes you onto a winding semi-prepared path constructed of compressed stone and topped with fine stone/dust. Suitable width and surface for the use of wheelchairs & mobility scooters. Although not supervised, the trail is generally a one-way system and is approximately 100m in length.

The closest accessible toilet is located at the Village Square, within Foresters Kitchen and Terrace.
