

Falconry and Bird Hide

The Falconry Centre is located adjacent to the Pottery Studio. There is level access at the entrance but the Falconry arena is of woodland floor nature and although standing areas are gravelled/wood-chipped, a wheelchair user may find traversing this area challenging, however, a staff member will be happy help.

The closest accessible toilet is located at the Nature Discovery Area.

The Bird Hide is accessed from a path opposite the Cycle Hire. The path is a gravelled. There is a wide ramped access suitable for wheelchairs into the Bird Hide. Once in the Bird Hide there is plenty of space to manoeuvre.

No toilet facilities are available in the vicinity of the Bird Hide, the closest being at Cycle Hire which is approximately a 5 minute walk.
